SUMMARY

Emerging environmental professional, passionate about conserving Earth's natural resources and bringing sustainable solutions to stakeholders in an efficient and economical manner. Currently pursuing interests in renewable energy, sustainability consulting, and carbon management. Holds 4 years of leadership experience in work and extracurricular settings. Prioritizes time management, teamwork, organization, and attention to detail in all working environments. My core competencies include:

- **Microsoft Office Suite:** Fully proficient in Word, Excel, and PowerPoint applications
- **Canva:** Graphic design experience developing high-quality posters and infographics
- **GIS:** Limited working proficiency of ArcGIS Pro and ArcGIS Online

EDUCATION

Bachelor of Science in Ecosystem Science and Sustainability
Minor: Environmental and Natural Resources Economics
Colorado State University **Honors Program**

May 2026

GPA: 3.96

Colorado State University, Fort Collins, Colorado

***Dean's List:** Fall (2022, 2023, 2024), Spring (2023, 2024)
